CME on ROP for Paediatricians

The Community Ophthalmology subcommittee of OSWB conducted a CME on ROP for pediatricians in association with the Howrah Academy of Paediatrics. The event conducted on 2nd May 2019 was attended by Dr. Indu Surana, Dr. Rana Chatterjee, Dr. Vinay Asawa among others from Howrah Academy of Paediatrics.

Chaired by Dr. Pushpita Sahu, the interactive CME included a panel discussion moderated by Dr. Vedang Shah. The panelists included Dr. Somdutt Prasad, Dr. Sudipta Mitra, Dr. Rudra P Ghosh, Dr. Sunil Surana and Dr. Rituparna Chatterjee from OSWB. Dr. Vedang Shah & Dr. Abhijit Chattopadhyay conducted a series of lectures. The event saw good participation and appreciation from all quarters.

Car Rally for Eye Donation Awareness

On 25th August 2019, the Community Ophthalmology subcommittee of OSWB organized a car rally to promote awareness on eye donation. OSWB conducted the event to commemorate the National Eye Donation Fortnight- 2019. Post breakfast, the District Governor of Rotary International- District 3291 flagged off the rally, which commenced from Lions Children Park, Deshopriya Park and went up to Rotary Sadan.

Nearly 200 participants on cars, bikes and foot joined the rally, including participants from pharmaceutical companies. Volunteers from Lions Club International District 322B, Rotary International District 3291, Sankalp Kolkata, Nagarik Swasthya Sangha, Priyamvada Birla Eye Bank and various other eye banks helped in making the event a success. The rally concluded with a seminar on Eye Donation Awareness moderated by our secretary, Dr. Subhashish Nag.

Diabetic Retinopathy Screening Camps

The Community Ophthalmology subcommittee of OSWB, in association with AIOS, conducted 12 screening camps, examining 1026 patients across various zones in West Bengal in the year 2019. These screening camps were organized as part of AIOS ARC's pan-India project on Diabetic Retinopathy- "Fixing the Missing Link". The details of the camps are illustrated in the table below.
